This policy is supplemental to [Te Kawa Maiooro, Te Pūkenga Educational Regulatory Framework](#).

Te Kawa Maiooro sets out the overarching regulations that apply to learning and delivery (teaching, assessment, rangahau and research, and support activities) at Te Pūkenga. As and when finalised, Te Pūkenga will publish policies and procedures that are intended to sit underneath Te Kawa Maiooro and prescribe detailed requirements.

In the meantime, pursuant to Te Pūkenga Grandparenting Policy, the regulations, policies, and procedures of the former subsidiaries apply unless there is a national regulation or policy in place. Accordingly, where a specific matter is not addressed within Te Kawa Maiooro, this policy is intended to prescribe the requirements that are specific to the NMIT business division.

To the extent that there is any conflict or inconsistency between any of NMIT's policies or procedures and Te Kawa Maiooro, Te Kawa Maiooro shall prevail and have priority.

COURSE RESULT KEYS

INTRODUCTION

The Course Result Key lists the results available for a course, and the description of what each result represents. The Result Key is specified in the Programme Regulations. Generally the same Result Key applies to all the courses in a programme, but in some cases the Result Key may differ between the courses in the same programme.

Each Course Result Key has an identification code made up of three components:

- 1. Type of assessment being used:**
 - CO = Competency Based Assessment
 - AC = Achievement Based Assessment
- 2. Letters identifying the organisation that the Course Result Key originates from:**
 - ARA = Ara Institute of Canterbury
 - NMIT = Nelson Marlborough Institute of Technology
 - NZDE = New Zealand Board for Engineering Diplomas
 - NZQA = NZ Qualifications Authority
 - TANZ = eCampus New Zealand – previously Tertiary Accord of New Zealand
 - TPK = Te Pūkenga (for unified programmes)
 - UCOL = University College of Learning
 - WINT = WINTEC (Waikato Institute of Technology)
- 3. Two-digit number** starting at 01 indicating which of the Result Keys from that organisation is being used.

Example: CO-NMIT-01 = Competency Based assessment, NMIT Result Key, number 1

COLLABORATIVE OR SHARED ARRANGEMENTS

Where Te Pūkenga trading as Nelson Marlborough Institute of Technology (NMIT) is:

- delivering an already approved programme of study developed and delivered by another Tertiary Education Organisation (TEO); or
- delivering an approved programme in collaboration with another TEO; or
- subcontracted to deliver an approved programme on behalf of another TEO;

the Course Result Key to be used is specified in the approved Programme Regulations. Letters identifying which organisation the programme originates from are used in the title of the Course Result Key.
