

What do I need to pay for food on overnight trips?

You will still be required to make an additional contribution towards food cost for overnight trips for Semester one of the [Certificate in Adventure Tourism](#).

For 2019 this is \$400. You will be invoiced for this and it will be required to be paid before the start of your studies.

This will cover a large majority of your away trips in semester one, the trips it covers will be confirmed in your timetable when you start the course. It does not cover food for semester two.
