

Which email address does NMIT use to contact me?

Which email address does NMIT use to contact me?

Once you have been successfully enrolled on a course NMIT will switch from using your personal email account to using your NMIT email account for all communications.

This ensures that throughout your study with us we will have the correct email address for you regardless of changes to your personal email address.

If you wish to forward your NMIT mail to your personal email account please follow the instructions on the following link:

<http://support.nmit.ac.nz/kb/articles/how-to-forward-your-student-email-to-a-personal-account>

As your Office 365 account becomes inactive one month after you finish studying with us NMIT will then revert to the last known personal email address that you have provided to us for all future communication.

So if you change your personal email provider at any stage please make sure you let the Enrolments team know.
