How do I connect to Wi-Fi on a Windows Laptop or Tablet?

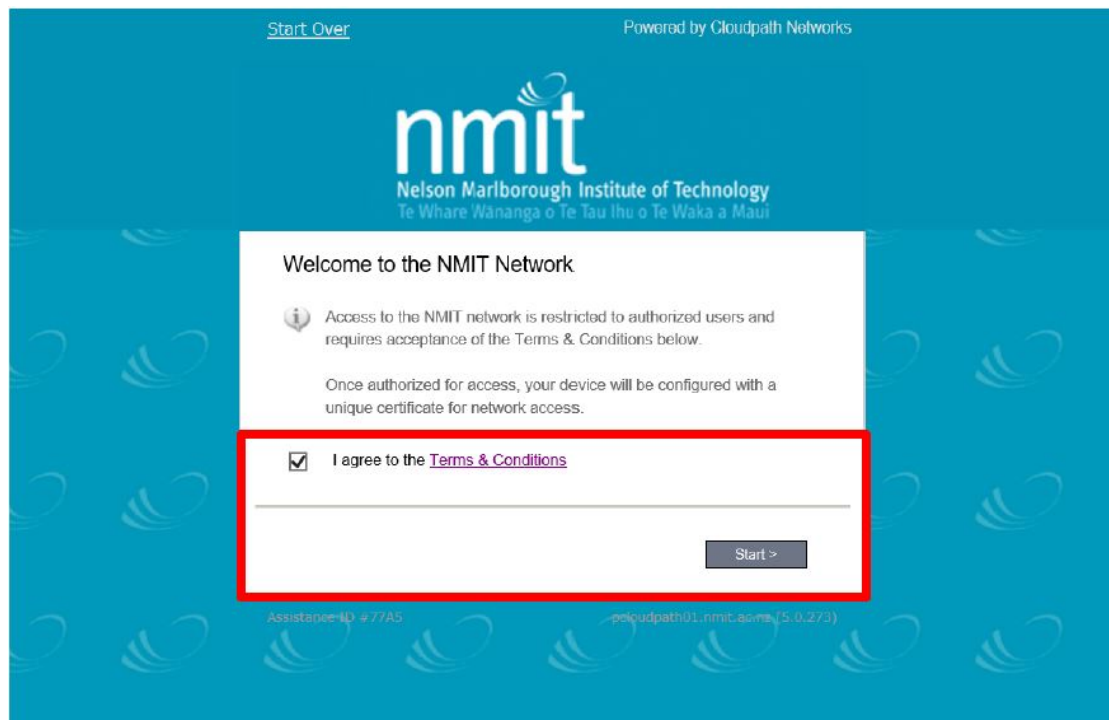

helpdesk@nmit.ac.nz - 2025-06-06 - [Connecting to WiFi](#)

How do I connect to Wi-Fi on a Windows Laptop or Tablet

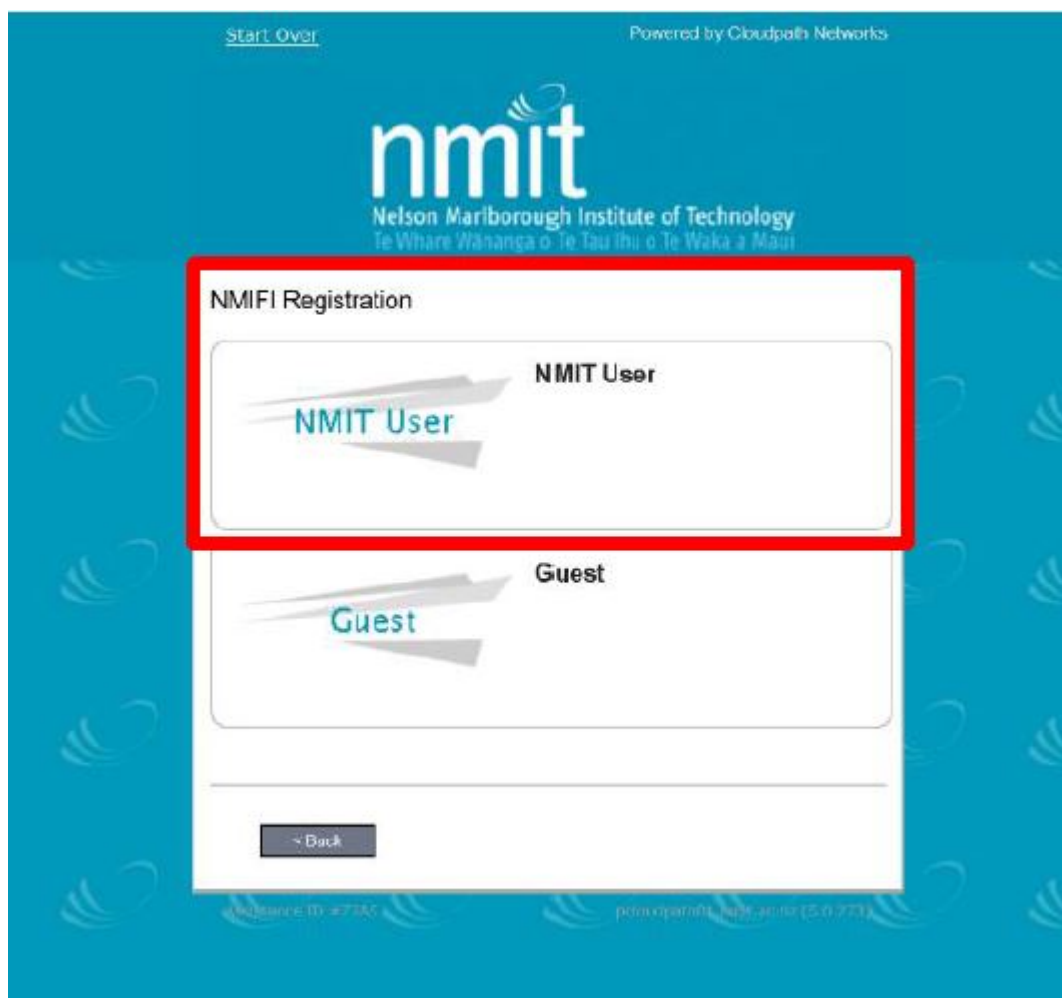

1. Connect your device to **NMIT-Wireless**

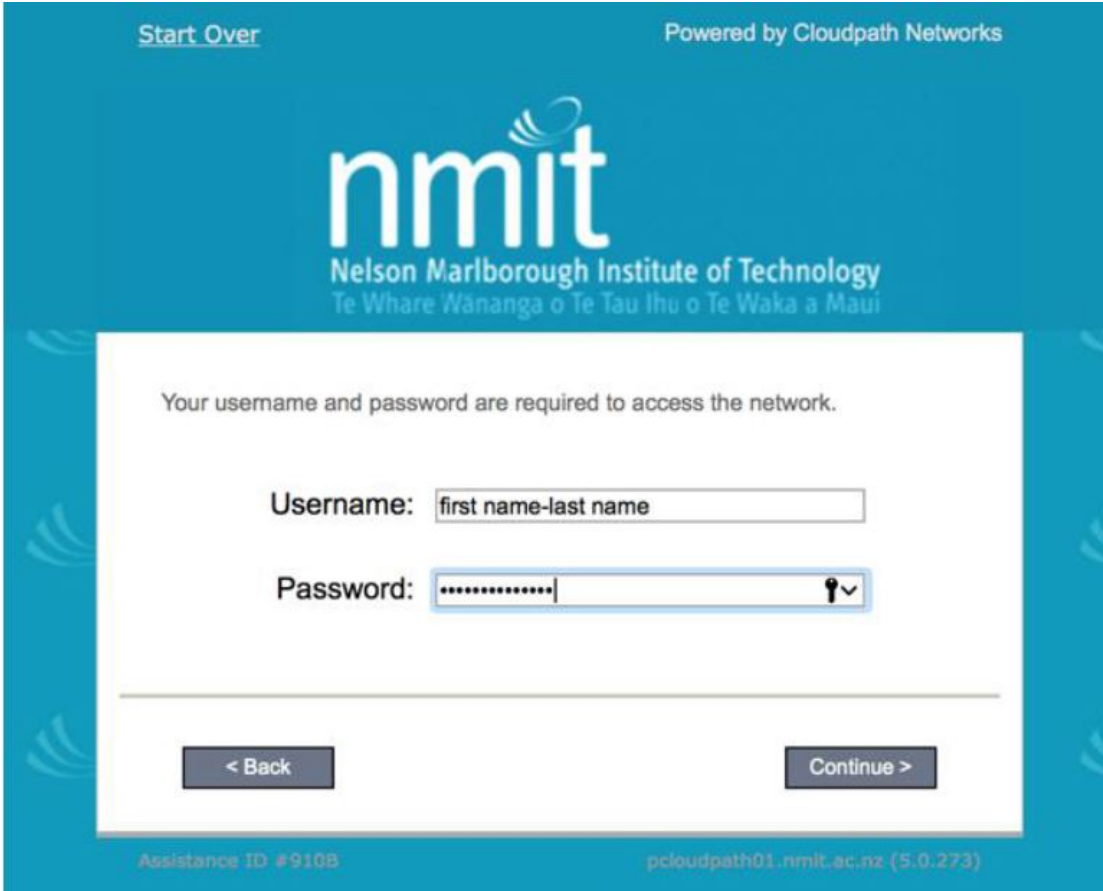

2. Open Internet Explorer or Google Chrome and browse to any web page. (nmit.ac.nz), if this does not redirect you to <https://pcloudpath01.nmit.ac.nz/> then you will need to type the address in your browser. Read and agree to the terms and conditions and if you agree with it check the box and click on **Start**

3. Select **NMIT User**

4. The NMIT User option will ask you to provide your **NMIT Username** and **Password** to continue. (Format of the username – Student: **First-Lastname** Staff: **First.Lastname**)

The image shows the NMIT login interface. At the top, there is a blue header with the text "Start Over" on the left and "Powered by Cloudpath Networks" on the right. The NMIT logo, consisting of the word "nmit" in white lowercase letters with a stylized signal icon above the 'i', is centered. Below the logo, the text "Nelson Marlborough Institute of Technology" and its Māori name "Te Whare Wānanga o Te Tau Ihu o Te Waka a Maui" are displayed. The main content area is white and contains the message "Your username and password are required to access the network." Below this, there are two input fields: "Username:" with a placeholder "first name-last name" and "Password:" with a masked password "....." and a toggle icon. At the bottom of the form are two buttons: "< Back" and "Continue >". The footer of the page includes "Assistance ID #9108" on the left and "pcloudpath01.nmit.ac.nz (5.0.273)" on the right.

5. As long as you have entered the correct username and password you will be taken to the below page, click **Download for Windows**.

nmit
Nelson Marlborough Institute of Technology
Te Whare Wānanga o Te Tau Ihu o Te Waka a Maui

To access the secure network, follow the instructions below based on your computer's operating system.

Microsoft Windows

 **Download for Windows**
NetworkWizardLoader-2e93d2d1.exe

After downloading, go to your desktop or downloads folder and open the file "NetworkWizardLoader-2e93d2d1.exe".

If you prefer and your browser supports it, you may launch via [Java Applet](#) or [ActiveX](#).

[Show all operating systems.](#)

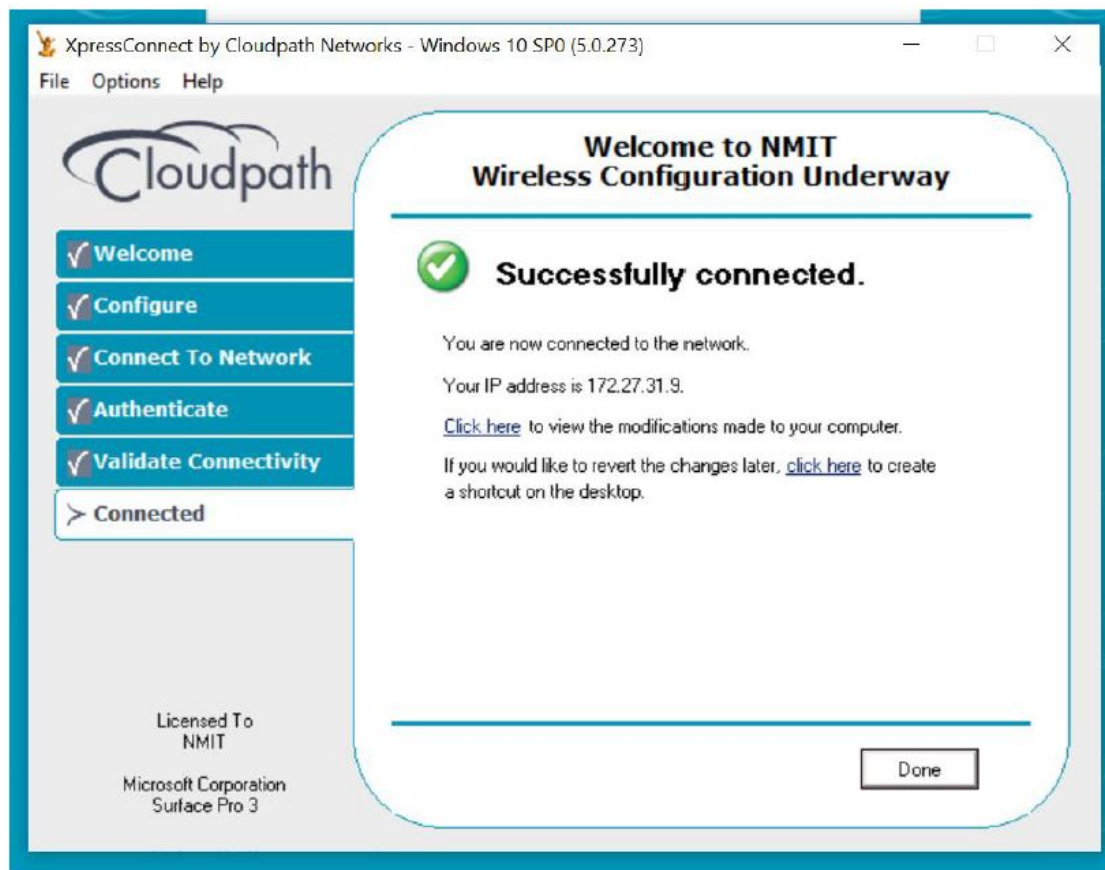

Assistance ID #6A32 pcloudpath01.nmit.ac.nz (5.0.273)

6. There will be a prompt within your web browser to run the NetworkWizardLoader.exe from pcloudpath01.nmit.ac.nz. Select **Run**. If you select Save, the file will be downloaded and you will need to select **Run** once it is completed.

Do you want to run or save **NetworkWizardLoader-2e93d2d1.exe** (693 KB) from **pcloudpath01.nmit.ac.nz**?

The NetworkWizardLoader-2e93d2d1.exe download has completed.

7. The XpressConnect application will go through the steps to install the wireless configuration automatically.

You will now be connected to NMIT-BYOD, and will be able to browse the Internet
