What are NMIT's rules and regulations?

Angela Scott - 2024-12-15 - Applying

Before beginning your programme of study, to confirm your place on the programme:

- domestic students are required to sign and return their Secure Your Enrolment form
- international students are required to sign and return their Confirmation of Acceptance form

All students must abide by NMIT's rules and regulations. These policies are:

Student Charter

Student Rules

IT and Computer Facilities rules

Click to view other NMIT Policies

As part of transitioning to a single network of vocational education, Te Pūkenga has developed Te Kawa Maiorooro, Te Pūkenga educational regulatory framework. Te Kawa Maiorooro covers regulations that affect learners, like enrolment, assessment, complaints and graduation. Te Kawa Maiorooro has not yet replaced all of the policies and procedures of each of the former ITPs/ITOs that are part of Te Pūkenga, so where something is not covered by Te Kawa Maiorooro, the individual former ITP/ITOs policies and procedures still apply. If you have any questions, contact enrolments@nmit.ac.nz.
