Windows laptop, MacBook - Install eduroam (CAT tool) helpdesk@nmit.ac.nz - 2023-11-22 - eduroam | Free Campus Wi-Fi

## Install eduroam to a Windows laptop

\*\*To download the eduroam network profile, your device **needs to be connected to the internet**. This is best done when you are on-campus but can be done using your home internet, a mobile data connection, or a guest network. \*\*

## eduroam Coverage map

Go to: <a href="https://cat.eduroam.org/">https://cat.eduroam.org/</a> and select Click here to download your eduroam installer

Select "**Nelson Marlborough Institute of Technology** | **Te Pūkenga**" from the organisation list.

Select the correct user group from the list e.g., **Ākonga** (student) profile and click "eduroam" button to download the profile to your device then double click to install and follow the steps below.

Marlborough Institute of Technology   Te Půkenga and the user group: NMIT   Te Půkenga - Åkonga. Click OK to continue with installation. 6 OK Cancel

Use your current NMIT email address and password to authenticate

ல் வ	eduroam® installe e <b>r credentials</b>	r for Nelson Marlborough Inst	itute of Tech	- ed	uro	× ))) am
8	Username: Password: Repeat password:	itstemp-2@live.nmit.ac				
Nulls	oft Install System v	3.08-2	9 Ins	tall	Can	cel

After Finish you will see your device now connect to **eduroam** network.

## Install eduroam to a Apple MacBook laptop

Go to: <a href="https://cat.eduroam.org/">https://cat.eduroam.org/</a> and select Click here to download your eduroam installer

Select "Nelson Marlborough Institute of Technology | Te Pūkenga" from the organisation list.

Select the correct user group from the list e.g., **Ākonga** (student) profile and click "eduroam" button to download the profile to your MacBook then open System Preferences to install this "Profile"
