Android, iPhone, iPad or for a Windows laptop - Install "geteduroam" app helpdesk@nmit.ac.nz - 2023-11-22 - eduroam | Free Campus Wi-Fi

Android, iPhone, iPad or for a Windows laptop

To download the geteduroam app, your device **needs to be connected to the internet**. This is best done when you are on-campus

eduroam Coverage map

Install <u>geteduroam</u> app from your app store and follow the instructions below. Instructions are lot similar to all devices e.g., iOS, android and Windows

Open the **geteduroam** app and search for "Nelson Marlborough Institute of Technology | Te Pūkenga " and select the correct profile click OK.

eduroam	Q Nelson Sciose	eduroam	eduroam
eduroam configuration	Nelson Mandela University 2 Nelson Mariborough Institute of Technology Te	eduroam configuration	eduroam configuration
Institution Q Select an institution		Institution O Nelson Mariborough Institute of Technology [`	Institution Q Nelson Mariborough Institute of Technology '
		Sele Kaimahi (staff) profile Akonga (student) profile Cancel OK	Poslie Selec A Akonga (student) profile Cancel OK
Next	qwertyuiop asdfghjki ☆zxcvbnm @ 123 ♥ space return	Next	Next

Use your current NMIT email address and password to authenticate and go "Connect to network" Allow and Join
