

Can I continue to use the library when I have finished my studies? How much does it cost?

Rachel Rees - 2023-11-06 - Library services

You are eligible for **one year's free** Alumni honorary library membership the year after graduating from NMIT. This allows you to borrow from the library's main collection, but not the 3-day loan collection.

Note, that membership excludes login to Campus PCs, and access to electronic resources such as databases and eBooks, but we can arrange guest WiFi access if you need it.

Further individual library membership is available for a yearly fee of \$80.00.
