## How to connect to Wi-Fi using an iPhone or iPad

helpdesk@nmit.ac.nz - 2025-06-06 - Connecting to WiFi

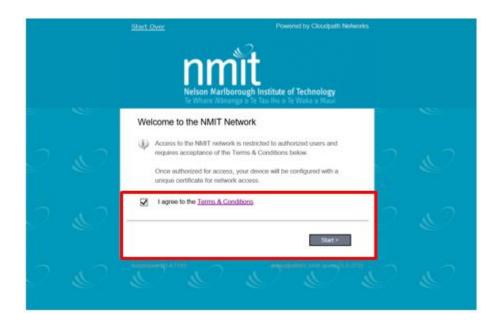

## Connect to Wi-Fi using an iPhone or iPad

(Your device must have a passcode set to be able to access the Wi-Fi at NMIT)

1. Open Settings > Wi-Fi and connect your iPhone or iPad to the NMIT-Wireless

2. Open Safari (or other browser) and browse to nmit.ac.nz, this will redirect you to <a href="https://pcloudpath01.nmit.ac.nz">https://pcloudpath01.nmit.ac.nz</a>. Read the terms and conditions and if you agree with them check the box and click on **Start** 

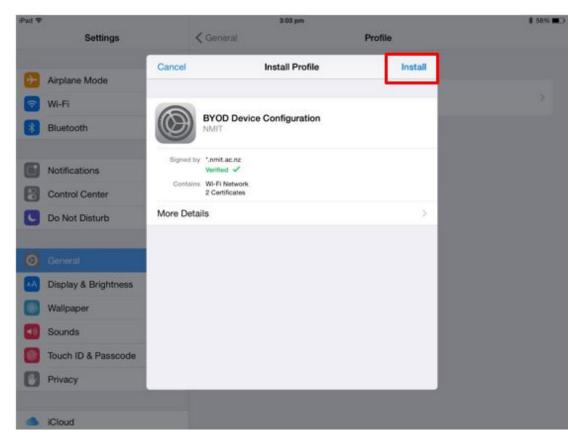

3. Select the appropriate registration for you.

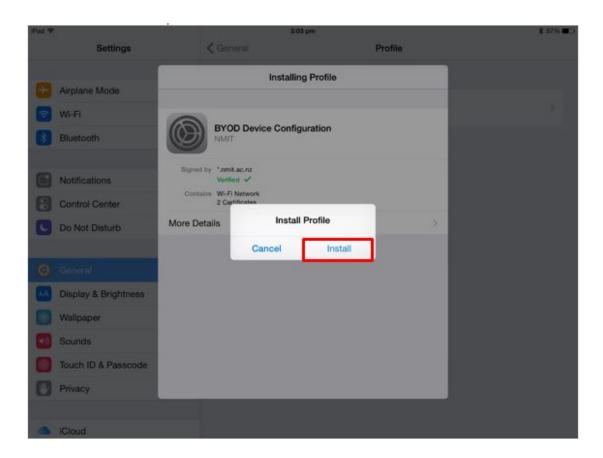

4. If you have a user account, choose the **NMIT User** option and provide your NMIT Username (**Student** first-lastname, **Staff** first.lastname) and Password. Click **Continue**.

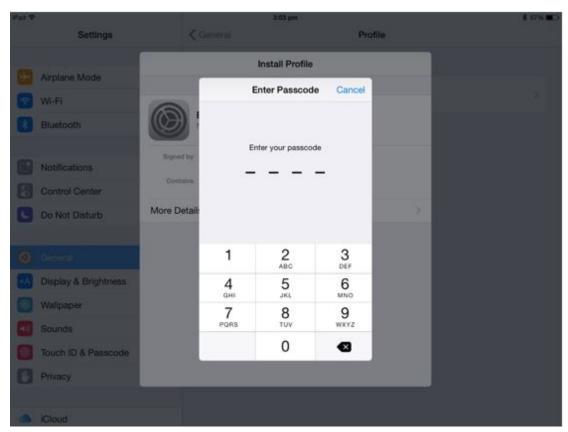

5. If you have correctly entered your username and password you will be asked to install a profile that will allow your device to connect to the Wi-Fi. Click on **Install**.

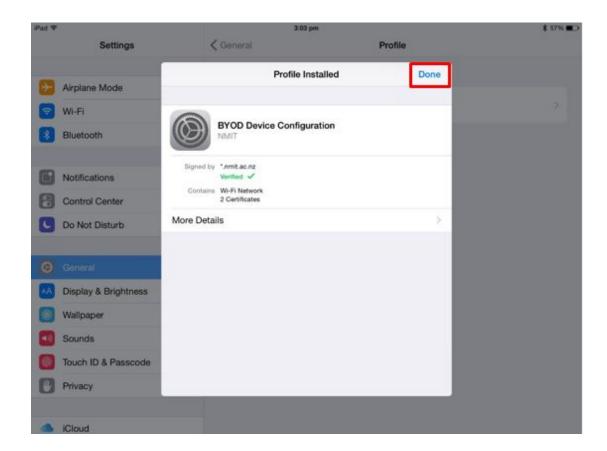

6. Select  ${\bf Install}$  again to confirm the profile is to be installed.

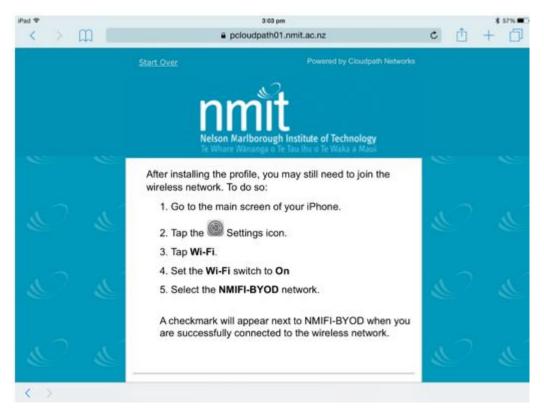

7. Enter the Passcode of your device to enable the profile to be installed.

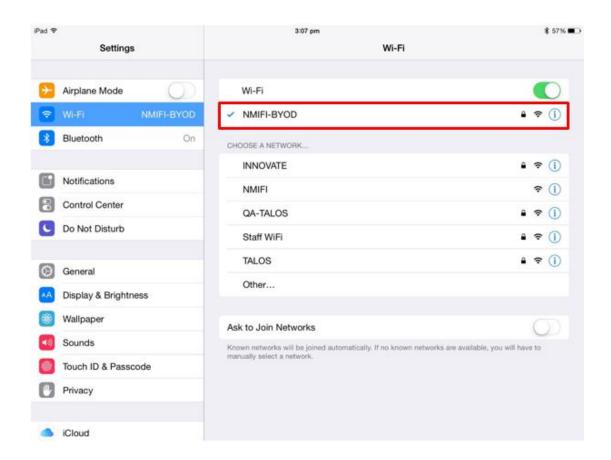

8. Once the profile is installed select  ${f Done}$  to complete this process.

9. Go into  $\bf Settings > \bf Wi-Fi$  on your device and select the  $\bf NMIT-BYOD$  network.

You are now connected and can browse the Internet
