If you are feeling stressed out or worried about any issues that are affecting your studies, come and see the Library Learning Centre team.

The Learner Services team may be able to assist you to find help to resolve issues that are causing stress and can refer you for [wellbeing support](#) , [learning support](#) etc.

The Learner Services team may also provide assistance or equipment solutions if you have a diagnosed disability or if you have access issues that might prevent you from reaching your full potential at NMIT.
