

Manually connect to eduroam from any device

IT FAQs - 2024-02-22 - eduroam | Free Campus Wi-Fi

Connect to eduroam Wi-Fi network manually

(when you do not want to install CAT tool or install geteduroam app because your device has no internet or mobile data)

Some devices may pop up with a warning message to validate the certificate. Accept and connect.

[eduroam Coverage map](#)
