

What is my student email address?

IT FAQs - 2018-08-09 - Email

What is my student email address?

Your NMIT email address uses the same format as your user name, followed by @live.nmit.ac.nz. This is usually: firstname-lastname@live.nmit.ac.nz, all students have an email address in this format. This will be your primary email address for all communication with NMIT staff.

If on your enrolment form you have indicated a preferred name instead of your first name (e.g. Sue not Susan) then your user name will be preferredname-lastname@live.nmit.ac.nz **as will your email address.**

(Please note, some students may have an unusual user name /email address, e.g. joe-smith2. If there are any problems with your username and/or email address, please contact [03 539 5068](tel:035395068). If you are on the Nelson campus please drop in and see the team on the LLC front desk)
