Windows laptop, MacBook - Install eduroam (CAT tool)

helpdesk@nmit.ac.nz - 2023-11-22 - eduroam | Free Campus Wi-Fi

Install eduroam to a Windows laptop

To download the eduroam network profile, your device **needs to be connected to the internet. This is best done when you are on-campus but can be done using your home internet, a mobile data connection, or a guest network. **

eduroam Coverage map

Go to: https://cat.eduroam.org/ and select **Click here to download your eduroam installer**

Select "**Nelson Marlborough Institute of Technology | Te Pūkenga**" from the organisation list.
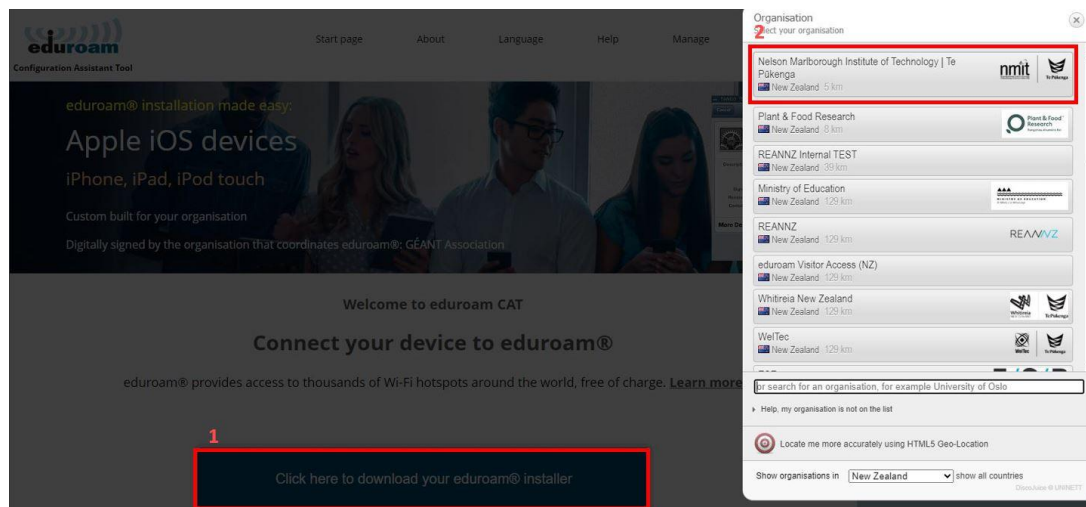

Select the correct user group from the list e.g., **Ākonga** (student) profile and click "eduroam" button to download the profile to your device then double click to install and follow the steps below.

select another

Nelson Marlborough Institute of Technology | Te Pūkenga

Select the user group
3
| Kaimahi (staff) profile |
| Akonga (student) profile |

Use this profile for your @live.nmit.ac.nz address

nmit | Te Pūkenga
